

The objective of the course is to provide training for individuals who wish to operate a telescopic handler at a competent level. This can be delivered either as an in-house training course or CPCS course.

Duration	Certificate	Number of Participants	Delivery	Assessment
Dependent upon candidate ability and experience	In-house or CPCS	1-4	Classroom and Practical	Theoretical and Practical Tests for CPCS

Who is it for?

All Plant Operators who use telescopic handlers. This course is suitable for novices, intermediate level or experienced operators who need to refresh their skills or achieve the relevant CPCS Card.

What does it cover?

All aspects of theoretical and practical skills in the operation of a telescopic handler:

- Identify the basic construction, purpose and function of components and the purpose and use of controls and gauges.
- Identify and comply with manufacturers' instructions in accordance with the operator's handbook, other information sources and applicable legislation.
- Carry out pre-checks.
- Configure the telescopic handler for site and road travel.
- Travel over differing types of terrain, including rough undulating ground and substantial inclines, both with and without loads.
- Manoeuvre in confined areas using forward and reverse direction, both with and without load.
- Set the telescopic handler in order to lift loads.
- Lift various loads within the full working range of the telescopic handler.
- Ensure load integrity and security.
- Transport loads.
- Place and retrieve loads accurately at various points.
- Place and retrieve loads from vehicle bed or trailer.
- Explain precautions to be taken for overhead services and other hazards.
- Keep within safe working parameters.
- Place the machine in an out-of-service condition.
- Explain the loading and unloading procedure on and off a transporter.

On completion of this course:

All in-house candidates successfully completing the course in full will be awarded an MGL Group Training Services Certificate.

All CPCS candidates after achieving their CPCS Theory and Practical Technical Tests shall receive their CPCS Red Trained Operator Card, valid for 2 years.
