

OUR COMMITMENT

**This policy statement forms part of our overall management systems**

Tynedale Roadstone is a professional and environmentally conscious company and acknowledges the impact that our operations may potentially have on the environment.

**Responsibilities:** The responsibility for determining company policies is derived by the Board of Directors. David Elliott (Managing Director) has been appointed as having overall responsibility for this policy.

**Priorities, Aims and Objectives:**

The company fully commits to protecting the environment by:

- Striving to fulfil, and where possible exceeding the compliance obligations to which we subscribe.
- Seeking ways to work with our Clients and Stakeholders to drive environmental best practice within the industry.
- Striving to prevent pollution, reduce waste, CO<sub>2</sub> production and water consumption.
- Ensuring that wherever practicable, measures are implemented to protect and preserve natural habitats, flora and fauna.
- Seeking ways to work in partnership with the community by behaving in a considerate and socially responsible manner.

**Performance:**

- We will complete internal audits and measure our environmental performance to seek continuous improvement and reduce the environmental impact of the company's products and services.
- We will establish short and medium term environmental objectives and targets for our key priorities.

We will report performance annually and share with our employees, Clients and wider Stakeholders.

- We will allocate suitable and sufficient resources which enable the company to achieve its environmental aims and objectives.
- We will ensure effective and expedient incident control, investigation and reporting.
- We will provide environmental training to our own employees and promote environmental awareness amongst our supply chain partners by the implementation of operational procedures.

**Implementation:**

- Directors, managers and supervisors have responsibilities for the implementation of this policy and must ensure that environmental issues are given adequate consideration in the planning and day-to-day supervision of all work.
- All employees and supply chain partners are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as reasonably practicable, is carried out without risk to themselves, others or the environment. This includes co-operating with management on any environment-related matter.

**Communication of Policy:** This policy is communicated to all employees and is made available to any interested party.

**Policy Review:** This policy statement will be reviewed on an annual basis and amended where appropriate.
